The Fitness Council works daily to create a community where it is safe, easy and fun to be active. We have increased the number of children who walk to school, improved the quality of physical education for children, made the roads safer to walk and bike, and increased access to Jackson County fitness information.

Our work would not be possible without the support of our members. Please support the work that we are doing in the community to make it easier for you to stay healthy and active. Your gift helps us continue this important work and you get some cool benefits too! Join today to ensure Jackson continues to become a more active community!

Best wishes,

Scott TenBrink
